ARTICLE IX

LEAVE

A. SICK LEAVE

Employees covered under the terms of this agreement are granted 13 days of sick leave per year.

These days may accumulate to an unlimited number of days.

Sick leave shall be interpreted to mean personal illness, quarantine at home, or serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The immediate family for purposes of this Article shall include all persons designated as such by the *School Code (as of August 2016, the school code identifies immediate family as parents, spouses, brothers, sisters, children, grandparents, grandchildren, parents-in-law, sisters-in-law, brother-in-law and legal guardians)*.

The granting of sick leave in any situation that may be questionable or not covered above shall be at the discretion of the Superintendent. Misuse of sick leave shall result in docking of pay on a pro-rated basis.

Upon retirement, no more than fifty (50) sick and/or personal days not used for TRS creditable service may be reimbursed at 3/5 the rate of the highest substitute scale.

By October 1 of each school year, each teacher will be notified as to the number of sick leave days he/she has accumulated.

B. PERSONAL LEAVE

Teachers are granted three (3) days of personal leave per year. If two or more consecutive personal leave days are requested, reasons for the request must be provided to the superintendent for approval. Any unused personal leave will be converted to sick leave annually.

Requests for personal leave shall be submitted for approval, in writing, to the building principal at least 5 working days prior to the onset of such leave. In an emergency, such application may be made at a later time with an explanation of such emergency. The principal shall forward approved requests to the Superintendent. The Superintendent shall respond in writing.

Personal leave may be denied:

1. The day immediately preceding or following a vacation or holiday;
2. For in service and institute days;
3. When there are three personal leave days already granted within the district for the day requested; and/or
4. During the first two and last two weeks of school.

In the event of an emergency, the above guidelines may be waived on an individual basis. Misuse of personal leave shall result in docking of pay on a pro-rated basis.

Personal leave is to be used for important personal business that cannot be accomplished at any other time.

C. ASSOCIATION LEAVE

During any school year, representatives of the Association may be absent for an aggregate of not to exceed ten (10) school days for the purpose of attending any regional, state or national meeting of the Illinois Education Association or the National Education Association, or both. Teachers authorized by the Association to take such leave shall be released from duties without loss of pay subject to the following:

1. In the event of any such absence, the Association shall reimburse the Board for the cost of the substitute.

2. At least five (5) school days advance written notice to the Superintendent of Schools shall be given of the intended absence;
3. No more than three (3) teachers may be granted Association leave on any one (1) day provided no more than three (3) teachers may be from the same building.

D. JURY DUTY

There shall be no loss in salary because of jury duty except that the Board shall make a deduction equal to the amount received for such jury duty.

E. SABBATICAL LEAVE

Any teacher may request a sabbatical leave. If the Board shall determine in its sole discretion to grant a sabbatical leave, such leave shall be in accordance with the requirements of the *School Code* (105 ILCS 5/24-6.1) and the following provisions:

1. Applications for leave during the fall semester shall be filed before February 1. Applications for leave during the spring semester shall be filed before October 1; and
2. Such leave shall start only at the beginning of the fall or spring semester.

F. UNPAID LEAVES OF ABSENCE

Teachers may be eligible for unpaid leaves of absence for any of the following reasons, subject to the general conditions for leave in Section G of this Article and to any other specific conditions which may apply as set forth in subparagraphs 1 and 2 below.

1. Parental/Child-Rearing/Adoption Leave

Any teacher who has entered upon contractual continued service (tenure) shall be entitled to a parental/child-rearing and/or adoption leave without pay or other benefits, subject to the general conditions of Section G, below.

Such teacher may request additional unpaid leave after using accumulated sick leave related to the pregnancy and/or delivery of a child. The extent of any leave shall not be greater than 90 consecutive teaching days. These 90 days shall include the paid sick leave during the disability related to the pregnancy and/or delivery of the child.

Nothing in this Section shall be construed as requiring any teacher to apply for a parental/child-rearing leave. A teacher not eligible for or not desiring parental/child-rearing leave may utilize accumulated sick leave during any period of disability related to the pregnancy and/or to the delivery of the child. Also, see reference to the Family and Medical Leave Act in subparagraph G.12, below.

2. General Leave

Upon request, leaves of absence without pay and other benefits may be granted by the Board of Education, on the recommendation of the Superintendent. Any reimbursement granted during a period of leave shall be at the discretion of the Board. The Board

reserves the right to place any teacher returning from a period of leave in a new assignment.

G. GENERAL CONDITIONS FOR LEAVES OF ABSENCE

Unless otherwise set forth in this Agreement, any leave of absence granted by the Board for the reasons stated in Section F of this Article is subject to the following general terms and conditions.

1. Time-Lines for Requesting Leaves

Application for an unpaid leave shall be made in writing to the Superintendent or designee at least sixty (60) calendar days prior to the proposed start of the leave; or, if the leave is for the following school year, by April 1 of the preceding school year. The application shall indicate the requested starting and ending dates of the leave. An emergency request for an unpaid leave of absence may be submitted with as much advance notice as possible under the circumstances, and in addition to the requested starting and ending dates of the leave, shall state the basis for the emergency. The Superintendent shall notify the teacher promptly following the Board's next regular meeting of the disposition of the leave request.

2. Structuring of Leave

After submission of the application and consultation with the teacher and a representative of the Association (if said representative is requested by the teacher), the Superintendent or designee shall prepare a plan for the commencement and termination of any leave of absence recommended for approval. The Superintendent or designee shall take into consideration maintenance of continuity of the related District program, medical factors, if relevant, duration of the leave requested, availability of substitutes and other pertinent time factors related to the request.

Every effort shall be made to have the leaves terminate immediately prior to the start of a new school year. Such leaves shall commence upon the date agreed upon by the Superintendent or designee and the teacher.

3. Applicability of Sick Leave

Sick leave shall not be applicable during the period of any leave except as provided in Section F.1 above. Any accumulated sick leave available at the commencement of the leave, and not used pursuant to Section F.1 above, shall be available to the teacher upon return to employment in the District.

4. Medical Substantiation

Any request for an unpaid leave of absence based upon personal medical reasons shall be accompanied by a physician's statement indicating the nature, anticipated extent and duration of medical disability. Evidence from a qualified physician indicating the employee's ability to perform all assigned duties shall be submitted at least ten (10)

calendar days prior to the return of any employee on an unpaid leave for personal medical reasons.

5. Compensation Schedule Advancement

A teacher who is absent from his/her duties shall be credited with advancement on the compensation schedule, provided said teacher has worked in the District for ninety (90) or more teacher employment days during the school year for which such credit is sought and further provided that the teacher has complied in all other respects with any other provision which may be applicable regarding advancement on the compensation schedule as may be set forth in this Agreement.

6. Benefits

Any teacher on leave shall not receive any benefits as specified in this agreement; except, with the consent of the carrier, a teacher on an unpaid leave of absence may maintain insurance benefits by making timely payment of all premiums which may be due to the Business Office.

7. Notice of Intent to Return

Any teacher granted an unpaid leave of one school year or more, as a condition thereof, shall advise the Superintendent or designee in writing no later than February 1 prior to the termination of such leave that he/she intends to return to employment. For leaves granted for periods of time less than one school year, the Superintendent or designee shall consult with the teacher with regard to establishing a reasonable date for notice of return. Failure to advise the Superintendent or designee of intent to return as required by this section shall be treated as an election not to return to employment and as a resignation from the District.

8. Early Return from Leave

A teacher on an approved leave of absence may request in writing to return from leave if the reasons for the leave no longer exist, subject to the discretion of the Superintendent.

9. Seniority

Any teacher on an unpaid leave of absence of more than ninety (90) teaching days shall not accrue any seniority.

10. Non-Tenured Teachers

A leave may be granted to a non-tenured teacher by action of the Board, subject to all the conditions applicable to a tenured teacher. The granting of leave to any non-tenured teacher shall not constitute a precedent for the granting or withholding of leave to any other non-tenured teacher. Each request shall be judged on its own merits and shall be

within the sole discretion of the Board. Additional conditions or restrictions may be established for any such leave, provided nothing herein shall be construed as requiring any non-tenured teacher to apply for such leave or accept the conditions established therefore.

11. Board Discretion

Notwithstanding the general conditions set forth elsewhere in this Article, the Board retains the sole discretion to grant or extend any discretionary unpaid leave of absence under any conditions deemed appropriate. Such discretion shall not be exercised in an arbitrary or unreasonable manner. The granting or denying of an unpaid leave or extension shall be non-precedential with respect to any other request for leave by a teacher in the District.

12. The Family Medical Leave Act

The leave provisions of Sections F and G, above, shall be construed in accordance with the District policy regarding the Family and Medical Leave Act (FMLA).

13. Eligibility for Further Leaves

Anything in this section to the contrary notwithstanding, a teacher who has been granted an unpaid leave of absence shall not become eligible for a subsequent leave unless and until such teacher has returned to full-time service for at least one (1) complete school term, provided, under exceptional circumstances, the Board may grant such leave in its sole and absolute discretion. The granting or withholding of such leave shall be without precedential effect.

H. BEREAVEMENT LEAVE

Up to 3 days per funeral at full pay shall be granted for bereavement leave for the death of the teacher's immediate family as interpreted by the School Code as well as aunts, uncles, nephews and nieces. If additional time is needed beyond the three bereavement days, the teacher will be allowed to use up to 2 days of available sick leave. *(As of August 2016, the school code identifies immediate family as parents, spouses, brothers, sisters, children, grandparents, grandchildren, parents-in-law, sisters-in-law, brother-in-law and legal guardians).*

An employee may use two sick leave days per year for bereavement leave for any individual that is not covered by the bereavement leave identified above.

1. The teacher must be a minimum age of 55 and must have been employed in the District, in any capacity, for a total of ten (10) years.
2. The teacher shall submit a letter of resignation indicating the year of retirement to the Superintendent by May 1 of the school year immediately prior to the notice period. Such notice period may be one, two, three, four, or five years in length.
3. The teacher shall be entitled to all the rights and privileges of a retiree under the applicable laws, policies, and provisions of the District.
4. The District may limit the number of participants to 5% of the full-time teacher population per fiscal year. (If there is a limit on the number of teachers retiring in any given school year, those teachers with the most seniority shall be given priority).
5. The benefits of this Article shall not be applicable to teachers who leave the employment of the District for reasons other than retirement, such reasons including, but not being limited to, dismissal for cause.
6. The Board retains the right to limit the number of teachers who may retire under the statutory Early Retirement Without Discount option, 40 ILCS 5/16-133.2, to 10% of those teachers eligible, with the right to participate to be determined on the basis of seniority in the District.

B. Retirement Bonus

1. The Board shall pay a retirement bonus of \$12,000 to a participating teacher during the one, two, three, four, or five-year notice period. The retirement bonus may be paid in two forms: i) TRS creditable earnings and/or ii.) a post-retirement severance payment and shall be paid according to the following procedures:
 - a. During the first year of the notice period, the District shall determine the teacher's scheduled salary, including any stipends for extra-curricular duties performed by the teacher in the immediately prior year, and if such amount does not exceed the immediately prior year's creditable earnings by 6%, utilize a portion of the \$12,000 bonus to increase the teacher's creditable earnings by 6% more than was reported to TRS for the immediately prior year. (e.g., Assuming a teacher earned a \$82,266 salary and a \$4,283 coaching stipend during the 2020-2021 school term, and is scheduled to earn \$87,321 in salary/coaching stipend for the 2020-2021 school term. The District shall increase the teacher's creditable earnings to \$91,741 for the 2021-2022 school term by paying the teacher an additional amount equal to \$4,420 in his/her last March paycheck of the first notice year. The \$12,000 retirement bonus shall then be reduced by \$4,420.)

Apart from the 6% increase described above, the teacher shall not be eligible to receive any other increase in creditable earnings from the District, unless such other increase in creditable earnings would not cause the District to owe any contribution/penalty to TRS for "salary increases in excess of 6%.

- b. For each succeeding year of the notice period, where there exists a balance of the bonus to be paid, such comparison shall be made between the teacher's creditable earnings for the immediately prior year and scheduled salary/stipend for the current year, and that portion of the bonus necessary to increase the teacher's creditable earnings by 6% more than was reported in the immediately prior year shall be paid to the teacher as additional creditable earnings in his/her last March paycheck for the current year. In any succeeding year, if the balance is less than the amount needed to increase the teacher's creditable earnings by 6% more than was reported in the immediately prior year, then only the amount remaining will be paid to the teacher as additional creditable earnings in the last March paycheck for the current year.
 - c. In the event the entire bonus is not paid to the teacher as creditable earnings during the notice period, the remaining balance, less state and federal taxes and any other deductions required by law and/or authorized by the teacher shall be paid to the teacher as a non-reportable (to TRS) severance payment within 30 days after the teacher's receipt of his/her last regular paycheck. To be eligible to receive such severance payment, the teacher must work until the date of retirement indicated in his/her original notice to the Superintendent. Failure to work until such date shall result in a forfeiture of any remaining balance.
- 2. The teacher acknowledges the Board's retirement bonus is based on the expressed reliance on the teacher's declaration to retire. The teacher acknowledges the retirement is final and irrevocable and cannot be withdrawn or modified except under these conditions:
 - a. If a teacher dies or becomes permanently and totally disabled (as determined by the Illinois Teachers' Retirement System) after his or her notice of retirement is accepted by the Board, but before the effective date thereof, none of the then unpaid portion of his or her retirement payment shall be payable, but the teacher's estate shall not be required to make any refund.
 - b. If, after a teacher's notice of early retirement is accepted by the Board, but before the effective date thereof, the teacher's employment is terminated for any reason other than death or permanent, total disability, all future payments of the retirement payment shall cease and such teacher shall be liable to repay to this School District all previously paid amounts of the retirement payment.
 - c. If, after a teacher's notice of early retirement is accepted by the Board, but before the effective date thereof, the teacher's spouse dies or the teacher suffers a major financial disability or any other reason acceptable to the Board in its sole discretion, the teacher may petition the Board to rescind the teacher's resignation and the Board's acceptance thereof. The Board may, but shall not be required to, grant such petition. If its initial determination is to deny, the teacher may appear in person before the Board before it makes its final determination. If the Board grants the petition, to the extent permitted by law, the teacher must repay as much of the retirement payment as previously received by the teacher, subject to such arrangements as may be acceptable to, and approved by, the Board.

- d. In the event the Illinois General Assembly enacts any legislative changes that impacts retirement bonuses/incentives and changes the 6% allowable rate, the parties will meet within sixty (60) calendar days of the effective date of said action to reopen negotiations on this Article XII.

C. Board's Discretion

At the Board's discretion, it may enter into an individual agreement with a teacher to grant retirement benefits (other than those specified in this Article XII) and/or additional sick leave days. The grant of any such retirement benefits and/or sick leave days shall be non-precedential.

ARTICLE XVII GRIEVANCE PROCEDURE AND ARBITRATION

SECTION 1. Definitions

A grievance is defined as an alleged violation, misinterpretation, or misapplication of a specific article or section of this agreement.

“Working day” is defined as any day on which the District office is open.

An individual employee and or WEA may present his/her/their grievance to the Board or its designated representative and have the grievance adjusted without the intervention of the Association or its representatives, as long as the adjustment is not inconsistent with the terms of this agreement. Grievances will be presented in the following steps:

SECTION 2. Procedure

STEP ONE

- A. Within ten (10) working days from the date of the occurrence of the event giving rise to a grievance, or within ten (10) working days from the date the grievant should have had reasonable knowledge of the event giving rise to the grievance, the employee, either directly or accompanied by his building representative, will present in writing the “Statement of Grievance” to his or her Principal during non-teaching hours. The “Statement of Grievance” shall name the employee involved, shall state the facts giving rise to the grievance, shall identify by appropriate reference all the provisions of the agreement alleged to be violated, shall state the contention of the employee and of the Association with respect to these provisions, and shall indicate the specific relief requested.

- B. Within ten (10) working days after presentation of grievance, the Principal shall give his or her answer in writing to the employee.

STEP TWO

- A. If the grievance is not resolved in step one, the grievant may, within five (5) working days of receipt of Principal's answer, submit to the Superintendent a written "Statement of Grievance" signed by the grievant. A copy shall be given to the Principal involved at the same time.
- B. The Superintendent or his or her designated representative shall give the Association representative an answer in writing no later than five (5) working days after receipt of the written grievance. If further investigation is needed, additional time may be allowed by mutual agreement of the Superintendent and the Association.

STEP THREE

- A. No later than the second regular scheduled Board meeting following the decision of the Superintendent, an appeal from the decision may be made to the Board. It shall be in writing and accompanied by a copy of the decision at Step 2. A copy shall be given to the Superintendent at the same time.
- B. No later than fifteen (15) working days after the regular Board meeting, the Board shall hold a hearing on the grievance. All those listed in Step 2 shall have a right to participate in this step.
- C. Within fifteen (15) working days after the hearing, the Board shall communicate its decision in writing, and state their reasons if requested, to the Association and the aggrieved teacher, if any.
- D. The Association may not present any material, allegation or remedy that was not presented in Step 2.
- E. Such procedures shall be in accordance with Title IX and/or Section 504 of the Rehabilitation Act.

SECTION 3 APPEARANCE AND REPRESENTATION

- A. Hearings held under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, entitled to be present to attend: Such hearing shall be conducted during non-school hours, unless there is mutual agreement for other arrangements.
- B. The Board and the Association are responsible for the payment of their own representatives and witnesses involved in any grievance meeting.
- C. If the grievance arises from an action of authority higher than the Principal of a school, the employee or the Association may present such grievance at Step 2 of this procedure.

SECTION 4 TIME LIMITS

- A. Time limits provided in this Agreement may be extended by mutual agreement when signed by the parties.
- B. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limit shall permit the Association to lodge an appeal on the next step of this procedure.
- C. Any grievance not advanced from one step to the next within the time limits of that step, shall be deemed resolved by the Board's answer at the previous step.

SECTION 5 TEACHER'S LEGAL RIGHTS

- A. Nothing contained herein shall deny to any teacher his rights under State or Federal Constitutions and laws.
- B. No probationary teacher may use the grievance procedure in any way to appeal discharge or a decision by the Board not to renew his contract.
- C. No teacher shall use the grievance procedure to appeal any decision of the Board or administration if such decision is applicable to a state or Federal Regulatory Commission or Agency.

SECTION 6 ARBITRATION

- A. Within thirty (30) working days after receipt of the decision of the Board, or if the Board fails to reach a decision, the Association or the Board, upon written notice to the other, may submit the grievance to arbitration under and in accordance with the rules of the American Arbitration Association or IELRB or FMCS.
- B. The fees and expenses of the arbitrator shall be shared equally by the Board and the Association. All other expenses shall be borne by the party incurring them, and neither shall be responsible for the expense of witnesses called by the other.

ARTICLE XVIII

CLASS SIZE

The Board agrees that class size may be unreasonably large for certain grade levels and subject matter taught. The Board of Education will take this into consideration and will attempt to ameliorate these difficulties as early as it is feasible to do so.

ARTICLE XIX

MID-TERM BARGAINING OBLIGATIONS

The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that all the understandings and agreements arrived at by the parties after the exercise of the right and opportunity are set forth in this Agreement. Therefore, the Board has no obligation to negotiate any further during the term of this Agreement except as to the impact of Board decisions relating to teachers' employment conditions.
